Education

Bachelor of Science in Software Engineering. (Undergoing)

Institute of Information Technology,
University of Dhaka.
CGPA: 3.10/4.00 (up to 4th semester)
2023-2027(expected)

Higher Secondary Certificate (HSC)

Bogura Government College
GPA: 5.00
2020 - 2022

Secondary School Certificate(SSC)

Cantonment Public School and College,
Saidpur
GPA: 5.00
2016-2020

Skills

- Frontend Development
- Backend Development
- Database Management
- Basic ML model Training
- Communication
- Team collaboration
- Time management

Projects

2024

Automatic Car Parking Using Arduino

Designed a prototype to automate the monitoring of parking lot availability. Programmed an Arduino to process data from ultrasonic sensors to detect vehicle presence. Integrated LEDs and an LCD screen to provide a real-time visual count of available spots.

2024-
2025

Chor-Dakat-Police-Babu Game

This project is a digital version of the traditional game Chor, Dakat, Police, Babu developed using C++ and SFML. It features single-player mode (one player vs computer-controlled roles) and multiplayer mode (four human players). In each round, players are randomly assigned roles and gameplay focuses on deduction, strategy and luck.

2025

Connect-4 Android game

This project implements a fully interactive Connect4 mobile application built using Flutter and Dart. The game provides Player vs Player and Player vs AI modes with multiple difficulty levels. The focus of the project was to develop a polished Connect4 experience with animations, clean UI design and intelligent AI using Minimax with Alpha-Beta pruning.

Programming Language

- Python
- Dart
- Java
- C++
- C

Dvelopment

- Flutter
- FastAPI (Learning Phase)
- Firebase
- HTML

Database Management

- SQLite

Basic ML Model Training

- Keras (Learning Phase)

Language

- Bangla
- English

2025 –
2026

IAmFertilizer-Smart Fertilizer Recommendation for Paddy

Our mobile app IAmFertilizer analyzes rice leaf photos to detect nutrient status-Healthy, Nitrogen (N) deficiency, Phosphorus (P) deficiency or Potassium (K) deficiency then generates targeted fertilizer recommendations. For field use: mobile-friendly interface, image capture and store the history.

Using: Python, Dart, Flutter, FastAPI, Keras, SQLite.

Professional Experience

Volunteering

- Volunteered on school cultural and sports events.

Tutoring

- I was a Physics and Math tutor of Optimum Teaching Center, Farmgate.
- Also I have tutored 30+ students privately.

Co-Curricular Activities

- Represented IIT Cricket Team in the Inter-Department University Tournament.
- Represented IIT Football Team in Inter-Department University Tournament.
- Won IIT indoor 29 card championship and IIT Futsal Championship in 2025.
- Represented my school football team on Inter-Cantonment Football Championship in 2019.
- Represented my Fazlul Huq House Football Team in House Cup Football Tournament of School and we earned a runner-up trophy as a team in 2019.
- In 2017, made 3rd place on essay competition of my school.
- Acted the character “hatem” on “Bohipir” drama at my school hostel in 2018.
- From class 1-5(2010-2014) won so many drawing competitions in my upzila on national days and many trophies on athletics like “Running”, “Moroger Lorai”, “Onker Dour” in my school and upzila
- in 2010, 2011 and 2012, acted as an fisherman and freedom-fighter for my school on national day’s-display competition.
